

Say Love

James TW

A#m **F#** **C#**
Falling down the seats in the back of my car
A#m **F#** **C#**
Got nowhere to be cause the world don t know where we are
A#m **F#** **C#**
Three A.M. and you re in my arms, all the drinks still wearing off
A#m **F#** **C#**
You look to me like I said something wrong, mmh

[Pré-Refrão]

F# **C#**
Cause I opened my mouth
G#
Now, we re both just sat in silence
F# **C#** **G#**
Frozen by three little words
F# **C#** **G#**
And there was something behind those eyes

She was hiding
F# **C#** **G#**
She said, I don t want this to hurt

[Refrão]

A#m **F#** **C#**
Just don t say love, say love, say love, say love, no
A#m **F#** **C#**
I ve heard that word misused a thousand times before
A#m **F#**
I know that we don t have to dive in
C#
Cause we got all of the time in the world
A#m **F#** **C#**
To say love, say love, say love, say love

A#m **F#** **C#**
Heart disappeared from a sleeve, I should ve known
A#m **F#** **C#**
It s still way too early to see where this could go
A#m **F#**
She said, I m not tryna be difficult
C#
And I ve just never felt this before
A#m **F#** **C#**
I m scared we might lose it all , mmh

[Pré-Refrão]

F# C# G#
And closed it, that moment I found a silver lightning
F# C# G#
All I ve been looking for
F# C# G#
Cause there was something behind those eyes
That she was hiding
F# C# G#
She said, It s nothing personal

[Refrão]

A#m F# C#
Just don t say love, say love, say love, say love, no
A#m F# C#
I ve heard that word misused a thousand times before
A#m F#
I know that we don t have to dive in
C#
Cause we got all of the time in the world
A#m F# C#
To say love, say love, say love, say love

[Ponte]

D#m F#
I m not gonna run away
A#m
I m not the type to leave you
C#
On your own, on your own, all on your
D#m
I finally get what you re tryna say

[Refrão]

A#m F# C#
Just don t say love, say love, say love, say love, no
A#m F# C#
I ve heard that word misused a thousand times before
A#m F#
I know that we don t have to dive in
C#
Cause we got all of the time in the world
A#m F# C#
To say love, say love, say love, say love

A#m F# C#
Just don t say love, say love, say love, say love, no
