This magic world,

But I m not crazy

I m just laughing at myself

I can look so strong yet feel so insecure

No I m not crazy

I m just laughing at myself

Even when I look so strong I feel so small

This is the face that I was born with

In a race I can't keep up with

Separate the stardust from the dirt

But I don t mean to bore you

With the details of my story

Can t help myself, help myself

I m a anekatips liar

But I m not crazy

I m just laughing at myself

I can look so strong yet feel so insecure

No I m not crazy

I m just laughing at myself

Even when I look so strong I feel so small
But I m not crazy
I m just laughing at myself
I donâ€™t know if I m the poison or the cure
