

Five-O

Five-O by James

Am - F - G - F repeat throughout

Are you open for trade
Your salvation
For some fame
For some thrill
Is a body of words
For your inspection
You can trace my concerns
Trace my concerns
My concern

I ve been looking for truth
At the cost of living
I ve been afraid of what s before mine eyes
Every answer found
Begg another question
The further you go, the less you know
The less I know

I can feel you face
Gonna make it mine
I can be the man I see in your eyes
Can you take my weight
Are we both too small
Know each other well
We ve met before

Will we grow together
Will it be a lie
If it lasts forever, hope I m the first to die
Will you marry me
Can we meet the cost
Is the power of love
Worth the pain of loss
Can you pay the bill
Will he keep the change
Are you here for the party
Or are you here for the pain

I can feel the faith
Gonna make it mine
I can be the man I see in your eyes
Will it grow together
Will we be a lie

If it lasts forever, hope I m the first to die
Hope I m the first to die
