Seven James
GREAT POP SONG BY ONE OF MANCHESTER S FINEST!
(Intro) A
A Blow me away,was that love you declared?
A A Only a word, love can mean anything
E F#m D Understand the world we re living in
A Oceans apart, what s that view from your wave?
A A Beautiful craft, weather can change
E F#m Understand the world we re living in
D A Love can mean anything
A God made love to me, soothed away my gravity
F#m Gave me a pair of angels wings
F#m Clear vision and some magic things
A God is love to me, thank you for these things
E F#m Understand the world we re living in
D A Love can mean anything

A Darling,i m open
A Unguarded, unbroken
A Now we don t have time, let it drift away,
A Like a heavy cloud, with the weight of rain
E F#m Understand the world we re living in
D A Love can mean anything
E F#m Understand the world we re living in
D A Love can mean anything
E F#m

Understand the world we re living in

Love can change anything.
