

**Shining**

**James**

THE SHINING

Easy song to play from their last abum Pleased to meet you

--#VERSE#--

**G D**

I Hold a vision, that all visons are impure

**Am C**

The rising of the serpent, the apple and the fall

**G D**

Don t trust the angels, maybe devils in disguise

**Am C**

Don t trust the singer, all his words don t make him wise

There are no promises that anyone can keep

The futures far too secret, the past can never keep

--#BRIDGE#--

**G C D**

Yes I know I m falling down

**G C D**

This incline is far too steep

Tell me when I hit the ground

You re too high for me to reach

--#CHORUS#-

**G D**

We can weather, uncharted oceans

**Am C**

But the map reads lost at sea

**G D**

We can break through, or be broken

**Am C**

It s a fine line, to be free

That is the chord pattern to the song. Interestingly, the live version had some rather

controversial lyrics compared to the one on the record, that live on in Tim

Booth s new

album Bone .

Enjoy the song:

Jack Anderton.
