I met this girl when I had turned seventeen

We shared a class and she sat right next to me

C

As it turns out

D

G

We were something meant to be

G

So two years later when she contacted me

D

I was so excited that I couldn't believe

C

D

G

I said Baby, I will not forget this day

Em

She was an angel

C

Who stepped in my hell

G

D

And made my world a better place to be, yeah, yeah

G

I still can't believe she's gone

D

And I don't know if I can move on

C

D

Because she was the best thing I'll ever have

G

And I'll never replace what's lost

We have it all

Em

We still have it all

D

(No we had it all)

C

D

We had it all so don't let it fade away because I need you

G

Here is what I'll say to you

D

I was dumb, I was a fool

C

D

And I know that I can be selfish

G

I regret the things I put you through

G

So please give me one more chance to try

D

And I swear you'll never leave my side

C

D

Em

Because you are the best thing I've ever had in my life
