Stay

Jamestown Story

I m just writing this up because I was searching and couldn t find this song anywhere, $\,$

and I love it! Soooo I figured it out (the basics, at least) enough for most beginners to

play. It s a tough riff if you want to do the timing just right, (listen to the song)

but you can get away with a pretty standard strum if you want!

I know it surely isn t perfect, but good enough to get most people something to play

along with! Enjoy!
