INTRO

I left a hundred on the table
and didn t wait around for change
with my load a little lighter
and my thinking rearranged
That stranger made me realize
how thankful I should be
And if I forget I hope those words

he said I hope come back to me

CHORUS

I said would you like a drink
He said thanks, I ll have a double
I ve worked up a powerful thirst
just listening to all your troubles
And while he makes that drink
I ll smoke one if you got em
It might be lonely at the top,
but its a bitch at the bottom

It might be lonely at the top,
 E **A** **E** **A**
but its a bitch at the bottom
