

A **Em**
Won't let a day go by
G
So put the drop-top down, turn it up, I'm ready to fly

[Chorus]

D **A** **Em**
And ooh there's something 'bout the way Your sun shines on my face
G **D**
It's a love so true, I could never get enough of You
A **Em**
This feeling can't be wrong, I'm about to get my worship on
G
Take me away, It's a beautiful day

D-A-Em-G

[Verse]

D **A**
I've got no need to worry, I've got no room for doubt
Em **G**
No matter what's coming at me, You'll always be the beautiful I sing about
D **A**
There ain't no limitations to Your amazing grace
Em **G**
Your amazing grace
A **Em** **G**
And there's something 'bout the way Your love shines on my face
D
Oh no I could never get enough of You
A **Em**
This feeling can't be wrong, I'm about to get my worship on
G **Em**
I'm gonna sing a brand new song, Yeah I'm about to get my worship on
G
Take me away on this beautiful day
