But I m sick and tired of you

Am G C

Oh baby I m so confused

Am G C

Do you love me or am I just being used

[Verse 2]

Am G C

Remember not that long ago you left me

Am G C

And it took the breath right from me

Am G C

Oh baby I was surprised

Am G C

As I watched the girl I loved say goodbye to me

[Chorus]

And I know you regret it now but baby it seems

C G Am

Like our hearts want two different things

G

And you say you want me back

You should have never let me go

[Verse 3]

Am G C

I kept thinking about all the good times

Am G C

But all that did was make me sad

Am G C

So I took all those memories I had of us

Am G C

And I locked them up in a box and I buried them inside

[Chorus]

G F

And I know you regret it now but baby it seems

C G Am

Like our hearts want two different things

G

And you say you want me back

C G Am

You should have never let me gooooo

G C

No you, should have never let me go

[Bridge]

F

And it was fun while it lasted

C

And you made me happier than I've ever been

F

And I hope that one day you will find someone

C

That can make you happier than I did

F

And it's hard to let you go when I know that there is somewhere deep inside

C

I still want you

F

And if I went back in time, seeing your eyes again

C

I know I would do it all over again

F

No I won't pretend

C

I wish you'd, I wish you'd never let me go
