

**Lady Luck**  
**Jamie Woon**

This is a truly beautiful track - search for the acoustic version from BBC Radio 1 Live Lounge.

Intro runs through the verse chords once.

The chords are pretty much the same throughout, with a slight change towards the end of the song from C#m to E which lifts the tone slightly.

There are a few times where Jamie plays around with the G#m / C#m interchange with chord framed hammer ons and chord shape runs up the fretboard.

**G#m** **C#m**  
Lady luck ain t playing on my side  
**G#m**  
Lady luck ain t smiling down  
**C#m**  
Lady luck don t care about my pride  
**F#m** **G#m**  
Lady luck lays it down

I get this feeling I can dream tonight  
I ve been seeing all the signs  
A dream no one can dream to wonder mine  
This time I am gonna get it right

Lady luck ain t playing on my side  
Lady luck ain t smiling down  
Lady luck don t care about my pride  
Lady luck lays it down

Sometimes I wish I could anaesthetise  
Bring down the lows bring down the highs  
She is the one I need to sympathies  
She is the one who sees me cry

And I ve been waiting for her day and night  
I know my lady is around  
I will put everything I have on the line  
And I will get better and thats now

**G#m** **E**  
Lady luck I need a little light  
**G#m**

Lady luck I need you now

**E**

Lady luck you need to get it right

**F#m**

**G#m**

Lady luck don t let me down

It ain t something you can buy

Ain t got nothing to do with wrong and right

Got everything to do with time

Lady luck you save my life tonight

Lady luck I owe you now

Lady luck I ll be a better guy

Lady I ll share your luck around

Lady luck is standing by my side

Lady luck won t let me drown

Lady luck shows me a better sign

Lady luck lays it down
