Walked when I shoulda run

**Bb** **F**

Ran when I shoulda walked

**Gm** **F**

And don t I know it

**Gm** **F**

And don t I know it

Walked when I shoulda run

And I ran when I shoulda walked

And don t I know it

And don t I know it

**Gm** **F**

You get inside me

**Gm** **F**

Even when you went beside me

**Bb Cm Eb** **F - G**

And I go into hiding

**Eb** **F - G**

And I know I never leave it alone

**Gm** **F** **Gm**

Another round of if only s

**F**

Of all the ways you could know me

**Cm** **Eb** **F**

How I take time going slowly

**Gm** **Eb** **Am**

Of a time that I did on my own

Still I walked when I shoulda run

And I ran when I shoulda walked

And don t I know it, don t I know it

And don t I know it

Well, I walked when I shoulda run  
And I ran when I shoulda walked  
And don t I know it, don t I know it  
And don t I know it

And your head s in the ocean  
Too deep to know where you re going  
Hoping time can be frozen  
And you ll end up where you really belong

But the days keep on rolling  
We live in different moments  
And the hurt is unfolding  
Everyday that we do and we don t

Still I walked when I shoulda run  
And I ran when I shoulda walked  
And don t I know it, don t I know it  
And don t I know it, don t I know it

Well, I walked when I shoulda run  
And I ran when I shoulda walked  
And don t I know it, don t I know it  
And don t I, don t I, don t I know it  
No-no-no, no-no-no

Sign for what s been  
Sign for what never been  
The line under what s been  
The line for what never been

And the years are collected  
I pray that we are regretless  
You and I, the connected  
You and I in the blood and the bone
