Janis Joplin - So Sad To Be Alone

Bm **F#** **Bm** x2
It s sad, so sad to be alone
It s sad, so sad to be alone
E **Bm** **F#** **Bm**
No friends to help you, no family no home
Bm **F#** **Bm**
It s sad, so sad to be alone

Bm **F#** **Bm** x2
The dusty road calls you, come again
The dusty road calls you, come again
E **Bm** **F#** **Bm**
The dusty road calls you, you walk till the end
It s sad, so sad to be alone

You look at other people through your tears
You look at other people through your tears
They know nothing of sorrow, of saddness or fear
It s sad, so sad to be alone

You sit and sing in darkened rooms
You sit and sing in darkened rooms
Your song fills the air with increasing gloom
It s sad, so sad to be alone

It s sad, so sad to be alone
It s sad, so sad to be alone
No friends to help you, no family, no home
It s sad, so sad to be alone
