Waiting in Canada

Artist: Jann Arden

Submitted by Ed Manicom

Altered by glenngolfs: I used the basic chord structure from Ed and stepped it down 3

half steps. Crank up the reverb when you play it.

E **E**
Every tear you cry every doubt you have
E **D** **E**
all of these things will pass away
E **E**
All of your big mistakes your little old heart would break
E **D** **E**
wishing that I would take them back
E **D** **E**
Write down the things you don t want, burn them in a glass
E
Write down the things you dream of,
D **B**
make a paper plane that flies to heaven

A **C#m** **B** **A**
And buy a ticket for a plane, and come and see me, baby.
A **C#m** **B**
Or drive your car all night, by just starlight,
A **E**
to Canada That s where I ll be waiting.

E **E**
All of the empty rooms, All of the silent space,
D **E**
every warm embrace is you.
E **E**
Nothing is like it was, there s nobody here but us,
E **D** **E**
I have been filled right up with this
E **D** **E**
Write down the words of sadness, burn them in a cup
E
Write down the things you ve wanted,
D **B**
throw them to the wind that s soaring up to heaven
