Verse 1:

C#
Yours is over,
Bbm **G#**
and I m not the one who caught the bouquet
C#
I am nowhere,
Bbm **G#**
but some might say that this is somewhere
C#
Showed up by coincidence,
Bbm **G#**
left no trace, no evidence at all
C#
Denial is my preference
Bbm **G#**
It s better if my conscience doesn t know

Pre-Chorus:

Eb **C#**
Run away, and stay away for quite some time
Eb **C#**
You ll find me walking on the other side
Eb **C#** **Eb** **G#**
I have a completely different ticket to ride

Chorus:

G# **C#** **G#**
I m skin and bone, waiting on a train
C#
I travel alone

C# **Bbm** **Eb**
Will we fall in love again? Time will show

C# **Fm** **C#** **G#**
No one knows

Verse2:

I m thinking about the day,
when I ll see you in a subway hall
Will you recognize me,
and will you remember anything at all
And I know it s gonna rain that day
I pray for stormy weather
So I can see you waring my favourite sweater
And there s a seat right
next to me, and it s still not taken
So, come on in, let s talk about it,
and start over again

Pre-Chorus:

Run away, and stay away for quite some time
You ll find me walking on the other side
I have a completely different ticket to ride

Chorus:

I m skin and bone, waiting on a train
I travel alone
Will we fall in love again? Time will show
C# **Bbm** **Eb** **G#**
