Verse 1:

Bb
Yours is over,
Gm **F**
and I m not the one who caught the bouquet
Bb
I am nowhere,
Gm **F**
but some might say that this is somewhere
Bb
Showed up by coincidence,
Gm **F**
left no trace, no evidence at all
Bb
Denial is my preference
Gm **F**
It s better if my conscience doesn t know

Pre-Chorus:

C **Bb**
Run away, and stay away for quite some time
C **Bb**
You ll find me walking on the other side
C **Bb** **C** **F**
I have a completely different ticket to ride

Chorus:

F **Bb** **F**
I m skin and bone, waiting on a train
Bb
I travel alone

Bb **Gm** **C**
Will we fall in love again? Time will show

Bb **Dm** **Bb** **F**

No one knows

Verse2:

I m thinking about the day,
when I ll see you in a subway hall
Will you recognize me,
and will you remember anything at all
And I know it s gonna rain that day
I pray for stormy weather
So I can see you waring my favourite sweater
And there s a seat right
next to me, and it s still not taken
So, come on in, let s talk about it,
and start over again

Pre-Chorus:

Run away, and stay away for quite some time
You ll find me walking on the other side
I have a completely different ticket to ride

Chorus:

I m skin and bone, waiting on a train
I travel alone
Will we fall in love again? Time will show
