Verse 1:

B
Yours is over,
G#m **F#**
and I m not the one who caught the bouquet
B
I am nowhere,
G#m **F#**
but some might say that this is somewhere
B
Showed up by coincidence,
G#m **F#**
left no trace, no evidence at all
B
Denial is my preference
G#m **F#**
It s better if my conscience doesn t know

Pre-Chorus:

C# **B**
Run away, and stay away for quite some time
C# **B**
You ll find me walking on the other side
C# **B** **C#** **F#**
I have a completely different ticket to ride

Chorus:

F# **B** **F#**
I m skin and bone, waiting on a train
B
I travel alone

B **G#m** **C#**
Will we fall in love again? Time will show

B **Ebm** **B** **F#**
No one knows

Verse2:

I m thinking about the day,
when I ll see you in a subway hall
Will you recognize me,
and will you remember anything at all
And I know it s gonna rain that day
I pray for stormy weather
So I can see you waring my favourite sweater
And there s a seat right
next to me, and it s still not taken
So, come on in, let s talk about it,
and start over again

Pre-Chorus:

Run away, and stay away for quite some time
You ll find me walking on the other side
I have a completely different ticket to ride

Chorus:

I m skin and bone, waiting on a train
I travel alone
Will we fall in love again? Time will show

B **G#m** **C#** **F#**

I m skin and bone, waiting on a train
