I am nowhere,
Bm **A**

Showed up by coincidence,
Bm **A**
left no trace, no evidence at all
D
Denial is my preference
Bm **A**
It s better if my conscience doesn t know

Pre-Chorus:

E **D**
Run away, and stay away for quite some time
E **D**
You ll find me walking on the other side
E **D** **E** **A**
I have a completely different ticket to ride

Chorus:

A **D** **A**
I m skin and bone, waiting on a train
D
I travel alone

Will we fall in love again? Time will show

D **F#m** **D** **A**
No one knows

Verse2:

I m thinking about the day,
when I ll see you in a subway hall
Will you recognize me,
and will you remember anything at all
And I know it s gonna rain that day
I pray for stormy weather
So I can see you waring my favourite sweater
And there s a seat right
next to me, and it s still not taken
So, come on in, let s talk about it,
and start over again

Pre-Chorus:

Run away, and stay away for quite some time
You ll find me walking on the other side
I have a completely different ticket to ride

I m skin and bone, waiting on a train
I travel alone
Will we fall in love again? Time will show
