The House That Heaven Built
Japandroids

The main riff of the verse contains two chords, F and C. You should fastly pick
3-4 strums of F and then the rest of the phrase is C
It is better to use these fingerings:
```
F: 0    C: 0
   1       1
   2       0
   3       2
   3       3
   x       x
```

```
F C                          F C
```
When the soul of the city
```
                   F  C
```
Was laid to rest
```
                             F  C
```
And the nights forgotten
```
                         Am
```
And left for dead
```
Am            F              C  F
```
Oh, oh, oh, oh, oh oh oh, oh (x2)

I happened on a house
Built of living light
Where everything evil
Disappears and dies

Oh, oh, oh, oh, oh oh oh, oh (x2)

```
F
```
When they love you, and they will
```
C            Am          G              F
```
Tell em all they ll love in my shadow
```
F
```
And if they try to slow you down
```
C            Am          G              F
```
Tell em all to go to hell

I settled in slowly
To this house that you call home
To blood and breath
Fear, flesh and bone

Oh, oh, oh, oh, oh oh oh, oh (x2)

Rush of our bodies
In the heat of the night
All day the day after

Red in the skies

Oh, oh, oh, oh, oh oh oh, oh (x2)

When they love you, and they will
Tell em all they ll love in my shadow
And if they try to slow you down
Tell em all to go to hell

It s a lifeless life
With no fixed address to give
But you re not mine to die for anymore
So I must live

Born of a bottle
From heaven s hand
And now you know
And here I am

Oh, oh, oh, oh, oh oh oh, oh (x2)

When they love you, and they will
Tell em all they ll love in my shadow
And if they try to slow you down
Tell em all to go to hell

When they love me, and they will
I ll tell em all they ll love in your shadow
And if they try to slow me down
I ll tell em all to go to hell
