Dm **G**
Dark shadows on a window screen
Dm **G**
Are flickering like a dream machine
Dm **G** **F** **Am**
We're driving where the air is a ghost

Dm **G**
The sky, the book, its circuitry
Dm **G**
Is playing with astrology
Dm **G** **F** **Am**
Its breathing and calling me

Dm **Am**
Oh, where the river goes
C
The human air it looks like it flows
G
And every turmoil must be born
F
I love the shelter but I need the storm

Dm **Am**
Oh, when I'm in between
C
Where I once was and where I need to be
G
I hear a phantom stereo
F
The stations tuned to

G
Scorpio

Dm **Am**
Scorpio, you had me at first glance
C
I do believe in chance
G
Despite what they're saying

Dm **Am**
Scorpio, the blinds are always drawn

C
There s still another song

G
So don t you go saying

C **G** **Dm** **Am** **G**
Scorpio

Dm **G**

Dm **G**
Waking up at dawn

Dm **G**
The room is not yet bright

Dm **G**
Beside me she s asleep

F **Am**
My heart is filled with sorrow

Dm **G**
What I wouldn t give

Dm **G**
To lie before a grace

Dm **G**
If only it would place

F **Am**
Its love upon my shoulder

Dm **Am**
Oh, where the river goes

C
The human air it the psychic flow

G
And every turmoil must be born

F
I love the shelter but I need the storm

Dm **Am**
Oh, when I m in between

C
Where I once was and where I need to be

G
I hear a phantom stereo

F
The stations tuned to

G
Scorpio

Dm **Am**
Scorpio, you had me at first glance
