Keep Me Going
Jared & the Mill
[Intro]
Am G C G F
Am G C G F
[Verse 1]
 Sweet, sweet little voice on the ocean tide
Not a superstitious man won t pretend to know why
                G
Well you ve taken me for hostage with your eyes
            Am
Green of the sea and raised by waves in the dead of night
Am G C G
 Sweet sin, little thing taken way too far
                        C
Coming clear across the wave like a compass star
Oh show me the way, I wanna make it to the other side
Taken in, angel s grin with a beam of light
[Chorus]
             Am
Cause if it s nothing more
Than how we might a-get along
 Am
Oh, I m lost without your voice
You keep me going on
[Refrain]
          Am
So can you keep me going on?
Can you keep me going on like this?
So can you keep me going on?
Can you keep me going on like this?
[Verse 2]
 Sweet sin, little thing never wonder why
                 С
 Never be another mark never cut my time
```

```
Αm
Enough there s only so much a man like me can bear
So lay me down and save my soul little breath of air
[Chorus]
               Am
 Cause if it s nothing more
Than how we might a-get along
       Am
Oh, I m lost without your voice
You keep me going on
[Refrain]
           Am
So can you keep me going on?
Can you keep me going on like this?
So can you keep me going on?
Can you keep me going on like this?
[Bridge]
        Am
Can you keep me going on?
                             C/B
My wilded mind is strung out from the road
But they will call it more than getting old
Ah, my crazy head won t let me be
                   C/B
           C
And this is nothing more than hope
                         G
But I m thinking you can make me whole again
                         G
Oh, I m thinking you can make me whole again
[Chorus]
               Am
 Cause if it s nothing more
Than how we might a-get along
Oh, I m lost without your voice
You keep me going on
[Refrain]
           \mathbf{Am}
```

So can you keep me going on? Can you keep me going on like this? So can you keep me going on? Can you keep me going on like this? So can you keep me going on?

Can you keep me going on like this?

So can you keep me going on?

Can you keep me going on like this?
