The more my love starts losing effect

Disrupt the peace, the complacency
F#m B
Dodging your fit fueled artillery
E B A E B
Need a better view, through a whirlwind of regret
E B A E B
And the passion renewed, with a little bloodshed

```

CHORUS

```

E B
I feel better knowing
F#m A

```

that your not perfect, makes all the pain worth it

E **B**
There s no substitute

F#m
Though you re somewhat abusive

A
Girl I can get used to it

E **B** **F#m** **A**
Oh, guess you re all I need, what keeps me running

And I cannot sleep

A **INTRO PART 1**

VERSE 2

E **A**
6th street between avenues A and B

F#m **B**

They have turned a pale and brittle beige

F#m **B**
That speak when crushed under our feet

E **B** **A**
Take a sharp left turn

E **B**
Towards the truth we conceal

E **B** **A**
Another resolution

E **B**
Knocked down by your repeal

I feel better knowing

F#m **A**
that your not perfect, makes all the pain worth it

E **B**
There s no substitute

F#m
Though you re somewhat abusive

A
Girl I can get used to it

E **B** **F#m** **A**
Oh, guess you re all I need, what keeps me running

E **B** **F#m**
And I cannot sleep

Without knowing
