Impressions - Jarrod Gorbel

Tabbed by: adslam3

Most chords are simple for this song and there s a chord chart at bottom.
Here s two of the odd ones though:

The Esus4 is 022200

The Esus4(add9) is 202200

NOTE: For the intro, hammer your pinky finger to go from E to Esus4.

ALSO: In the verses, it also sound nice to throw in a Esus4 after the E
and it makes for a good transition between verse and chorus, I ll
put these in parenthesis.
