Run
Jasmine Thompson

```
Em          D            A
You are the wind in my sail
Em          D            A
You are the spring in my step
Em          D              A
You make me laugh you make me cry
G         D          A
And you make me forget
                      Em
So tell me when you run, I want to run with you
             G
Tell me where you hide, I want to come to you
               D                          A
Tell me where you go cause I want to go there too
           Em
Even if you fall I will go down with you
            G
I will be the one who comes to rescue you
               D                          A
Tell me where you go cause I want to be there too
 Em         D            A
  I hid my secrets in a box
 Em         D          A
  I did exactly what you said
 Em         D              A
  Now Im feeling so much better
  G       D         A
Cause you make me forget
                      Em
So tell me when you run, I want to run with you
             G
Tell me where you hide, I want to come to you
               D                          A
Tell me where you go cause I want to go there too
             Em
Even if you fall I will go down with you
            G
I will be the one who comes to rescue you
               D                          A
Tell me where you go cause I want to be there too
Em                G
So tell me when you run (with you, with you)
D             A
So tell me when you run (with you, with you)
Em
   You set the world on fire
     G
```

```
And the flames are getting higher
    D                            A
So I stand beneath the waterfall
        Em
Yeah you set the world on fire
        G
And the flames are getting brighter
      D                         A
But I don t feel the heat at all
                        Em
So tell me when you run, I want to run with you
                    G
Tell me where you hide, I want to come to you
                    D                         A
Tell me where you go cause I want to go there too
            Em
Even if you fall I will go down with you
                G
I will be the one who comes to rescue you
                    D                         A
Tell me where you go cause I want to be there too
Em               G
So tell me when you run (with you, with you)
D               A
So tell me when you run (with you, with you)
Em               G
So tell me when you run (with you, with you)
D               A
So tell me when you run (with you, with you)
```
