Play Throughout Song: **Ebm, B, F#, C#**
Capo: 3rd Fret

[Verse 1:]

Do you see me and still feel love
Or have I changed inside your heart
To have only you is such a fuss
To give all of me is not enough

You left then, you came back
Sorry don't make it up to me
Sorry won't make me believe
He's down on bending knees
You're down on bending knees saying

You didn't mean it
You didn't mean it
If you didn't mean it then why would you say it
He didn't mean it
You never mean it
Then why in the world would you say it
There's no tomorrow don't you know
Love me now or let me go
He didn't mean it
You never mean it
Then why in the world would you say it
Say it, say it

[Verse 2:]

I miss the way we used to be
Now you're the one that I can't keep
Thought I was first and never last
Thought it was you I would always have

You left then you came back
Sorry don't make it up to me
Sorry won't make me believe

You didn't mean it
You didn't mean it
If you didn't mean it then why would you say it
He didn't mean it
You never mean it

Then why in the world would you say it
There s no tomorrow don t you know (don t you know)
Love me now or let me go (let me go)
He didn t mean it
You never mean it
Then why in the world would you say it
Say it, say it

[Bridge:]

It s time to let you go
It s time to say goodbye
Boy you need to know
I m done with you messing with my mind

You didn t mean it you never mean it oh
You didn t mean it you never mean it
Then why in the world would you say it
You didn t mean it you didn t mean it
If you didn t mean it then why would you say it
He didn t mean it you never mean it
Then why in the world would you say it
There s no tomorrow don t you know
Love me now or let me go
You didn t mean it you never mean it
Then why in the world would you say it

Say it [x3]

Then why in the world would you say it

Say it [x2]

Then why in the world would you say it
