Play Throughout Song: Ebm, B, F#, C#Capo: 3rd Fret

[Verse 1:]

Do you see me and still feel love Or have I changed inside your heart To have only you is such a fuss To give all of me is not enough

You left then, you came back Sorry don t make it up to me Sorry won t make me believe He s down on bending knees You re down on bending knees saying

You didn t mean it
You didn t mean it
If you didn t mean it then why would you say it
He didn t mean it
You never mean it
Then why in the world would you say it
There s no tomorrow don t you know
Love me now or let me go
He didn t mean it
You never mean it
Then why in the world would you say it
Say it, say it

[Verse 2:]

I miss the way we used to be Now you re the one that I can t keep Thought I was first and never last Thought it was you I would always have

You left then you came back Sorry don t make it up to me Sorry won t make me believe

You didn t mean it
You didn t mean it
If you didn t mean it then why would you say it
He didn t mean it
You never mean it

Then why in the world would you say it
There s no tomorrow don t you know (don t you know)
Love me now or let me go (let me go)
He didn t mean it
You never mean it
Then why in the world would you say it
Say it, say it

[Bridge:]

It s time to let you go
It s time to say goodbye
Boy you need to know
I m done with you messing with my mind

You didn t mean it you never mean it oh
You didn t mean it you never mean it
Then why in the world would you say it
You didn t mean it you didn t mean it
If you didn t mean it then why would you say it
He didn t mean it you never mean it
Then why in the world would you say it
There s no tomorrow don t you know
Love me now or let me go
You didn t mean it you never mean it
Then why in the world would you say it
