

**My Memory Aint What It Used To Be**  
**Jason Aldean**

Capo: 4

**D Em G D**

**G** **D**  
It must have been a mountain standing in our way  
**G**  
Or some small misunderstanding  
**D**  
We talked about too late  
**Em**  
Was it the kitchen or the bedroom  
**D/F#**  
Where we let a good thing go  
**G** **D/F#**  
Was it destined dreams, or space we needed?  
**Em** **A**  
I don t know.

**D** **Em**  
Baby, lately my memory  
**D/F#** **G** **D** **A**  
Ain t what it used to be at all  
**D** **Em**  
It s crazy, but holding you close to me  
**D/F#** **G**  
Seeing you smile at me  
**D**  
Is all that I recall  
**A** **D/F# G**  
Cause baby it don t matter how hard i try  
**A** **D/F# G**  
I still can t remember why we said goodbye

**D Em G D**

**G** **D**  
Maybe time s just playing tricks on me these days  
**G** **D**  
Or maybe these old feelings never went away  
**Em**  
Cause all that I remember  
**D/F#**  
Is I m still in love with you

**G** **D/F#** **Em** **A**  
And if I m losing my mind, I hope you are too

**D** **Em**
