I ll make you laugh and tell you things

You start thinking this is more than what it really is
You re beginning to dream and maybe someday
                                  Cadd9
You could be the angel that could make me change
                                                     Cadd9
But all I see is a storm that you ll get lost in
Cause if it feels this good when we re just talkin
(Chorus)
You should be walking away, walking away
As far as you can go, as fast as you can.

               Em7
From me baby
             D
                        Cadd9

You oughtta be walking away
