Make it easy

Ε Like a rainy Sunday morning makes me wanna stay in bed, twisted up all day long You re my inspiration girl you take me places C#m Α put the words right into these songs Stealin kisses undercover babe I see forever when I see your face And I swear God made you for me. You make it easy Lovin up on you C#m Make it easy With every little thing you do You re my sunshine in the darkest days My better half, my saving grace You make me who I wanna be You make it easy You took off my rough around the edges Never let it ruffle up your feathers, angel Yeah I m down for life you got me wrapped around your finger and I like it just in case you can t tell. You make it easy Lovin up on you
