Tab by Sean Kasun (\*)

This is off his newest album, Perspective. It s a great album, and this song has no guitar in it whatsoever. It s all acapello, but I figured since we all play guitar, I could tab it out anyways :)

According to the liner notes, the first half was written on the guitar, however I personally think the second half sounds more guitar oriented.. so I have only tabbed out the second half.

Play this VERY slowly.

First the guy starts arpegiating the followng. He goes through several chords, but I haven t taken the time to figure them all out.

|-7-----7-----7-----7-----|

```

After doing that a second time, the main vocal starts in:

Hope you enjoyed this. I haven't seen any other Becker tabs on OLGA, but if you know one of his songs, please take the time to write it out for the rest of us. Thank you. :)
