

Numb

Jason Blaine

I couldn't find the chords for this song anywhere so I just made them up, I'm sure it's not exactly how he does it but it sounds fine to me.

INTRO: **G D A Em G D A** (Strum **G** twice and after the second strum quickly switch to **D**)

G D A Em
Hung my jacket on the back of the kitchen chair
G D A
Slung my keys back behind me, on the counter somewhere
G D A Em
Laid sideways across the bed closed my eyes and tried
G D A
to make some sense out of your good-bye

G D A Em
I don't know what to feel
G D A
What's done is done
G D A Em
Who knows maybe I will
G
When the morning comes
G
Right now I'm still numb

G D A Em
I keep waiting on that wave of pain to roll over me
That what the hell just happened starts sinking in deep
I don't know if I should cry or just get mad
Curse your name or miss you bad

I don't know what to feel
What's done is done
Who knows maybe I will
When the morning comes
Right now I'm still numb

You must've thought that I was something
Standing there saying nothing
Watching you walk away
What could I say

I don't know what to feel
What's done is done
Who knows maybe I will

When the morning comes
Right now I m still numb
