I m gonna come right out and say it

Told you he didn t have the time

B

To see you or even answer your calls

C#

After breaking your heart

I know we barely even started

C#

But I fully believe you could have been the one for me

C#

Honey, I miss what we could have done

B

I wrote a sad song about it, and I m still pretty bitter

F#

C#

But I m happy if you re happy, he won

He made a mistake, and it cost him what he loved

But he knows what he s done, he s sorry for it now

B

Well, he s never gonna leave you again

Ebm

Well maybe you re right, but I still believe
