

A Way To See In The Dark

A way to see in the dark " Jason Gray

C F G

Here I am

C F G

Begging for certainty again

C F G

But simple trust

C F G

Is what you re asking me to give

C F G

If I am saved

C F G

You tell me it will not be by sight

C F G

So when I pray

C F G

I ll close my eyes, I ll close my eyes

C G

And I ll reach for your hand in the night

Am F

When the shadows swallow the light

C

Cause I m giving up, giving in

G Am

Once again a childlike faith

F

Is my only way

C

To see in the dark

C F G

The question mark

C F G

Hung at the end of every fear

C F G

Is answered by

C F G

The promise that you are with me here

C F G

And that s all I ve got

C F G

When the lights go out and I lose my way

C F G
So I ll close my eyes

C F G
I won t be afraid, I won t be afraid

C G
As I reach for your hand in the night
Am F
When the shadows swallow the light

C
Cause I m giving up, giving in
G Am
Once again a childlike faith
F
Is my only way

C
To see in the dark

F G
If every star falls and the sun fails to rise
Am C7
Still in my blindness I ll see
F G
If You are my help, my hope and my vision
Am C7
One step at a time You will lead

C G
And I ll reach for your hand in the night
Am F
When the shadows swallow the light

C
Cause I m giving up, giving in
G Am
Once again a childlike faith
F
Is my only way

C G
So I reach for your hand in the night
Am F
When the shadows swallow the light

C
Cause I m giving up, giving in
G Am
Once again a childlike faith
F

Is my only way
