**C9** **G**  
I m overjoyed and I m overloved  
**C9** **G**  
I m feelin lucky like a little boy  
**C9** **G**  
Who s hiding undercover and looking to  
**C9**  
discover

**G** (pause)  
Any way to play his part inside this darkened cave  
**Am7**  
Well, the meaning of life it starts in the night-light

**C** **D9**  
Close your eyes and I hope you ll see mine

**C** **Bm7**  
I ve seen a 1000 things in one place  
And I stopped my counting when I saw  
**Am7**  
your face

**C**  
Erasing memories well I feel as though  
**D9** (break)  
I never seen that face before  
til I saw your

**C**  
eyes and they re smilin back at me  
**Bm7**  
through my tears

**Am7**  
I ve been counting all this years  
**Am7** **C**  
Suddenly the 1000 things I ve seen were  
**D9** (break)  
nothing more than dreams of of of you

**G**  
and me  
**C9** **G** **C9** **G** **C9**  
You and me so quietly at a stand still  
**C9** **G** **C9** (pause)  
Fortunately you will...  
You will kiss me I will, I will kiss you  
**C** **Bm7**  
back on the fact of the matter is

**Am7** **G**

I don't know what the later is oh no way

**C9**

You see I always wanted to kiss you

**G/B**

And I always wanted to run from you

**C9**

And I always wanted to miss you

**G** (pause)

and I always wanted to come for you

**Am7 C D9**

So how do you do?
