

**Bright Eyes**  
**Jason Mraz**

This song is actually really simple and i ve not found one accurate tab so I ve decided to tab it myself since its a great song easy to play and sing.

///INTRO

the one with the bright eyes

/// Then, you continue to arpegy from the

/// Why can t I be optimistic to the

/// Was standing up there naked

/// and repeat the intro

/// The song pretty much goes on the same but there is a chord that seem to be missing

all tabs

/// In the part where he says growing older more into a man.. you use the # chord up

fret so you play

A # A  
 Theres fear in the truth at hand, frozen I forgot to understand

A # #+ (X6057X)  
 The live keep living; growing older more into a man..

INTRO

A #  
And I let her grow away from me.

/// The same happens in the next part where

A # A  
Love.. love is not pretending.

A # A  
Time.. time was meant for mending

A #  
Memories into all is satisfactory,

A # #+ (X6057X)  
Healthy smiles fill the page the day we spent in miles.

A # A  
And I let her drive away from me.

oh no

/// That s it any comments at \*  
/// For the live version just put a capo in the 1st fret or tune up the guitar  
but the  
are the same, also you can arpegy the A chord every time as in the ending part  
and it ll  
more accurate.
