I ooohhhhh

D A
I m dreaming of your face

E
I can see your beauty

Through ten and a half thousand yesterdays.

D A
The way the moon illuminates

E
All the secrets I ve been keeping

And cast them off of my balcony.

E F#m7 G#m7 E

Ohh I I I I I

That I, I m still in love with you

E D C#m

A B E

D A
We hold on to things we said

E
It makes it more confusing,

I wont let the past get in my way.

D A E
Surrender to the eternality of now,

Enjoy the midnight serenade
