

Lets See What The Night Can do
Jason Mraz

G **Em**
Let s drive out to the desert at midnight
C
And dance in the dust of our headlights
G D
And score some good seats for the sunrise
G **Em**
And dress up in clothes we don t mind getting messed up
C
When no one would know how to get us
G D
We don t need the map we ll just drive drive drive

Em C
I wanna get lost with you
G D
And hideout out under the light of the moon
Em C
I wanna get lost with you
Am D
And see what it s like to spend the whole night
Em C
With you just you
G D
With you just you

G Em
We could head north over the ocean of turquoises
C
Well after a while there ll be no noise
G D G
Set for the sound of our heartbeats beat and on
Em
And we ll stand in the grand here alone
C
Singing our favorite songs
G D
And wait for the words to return to the echo echo echo echo...

Em C
I wanna get lost with you
G D
And hideout out under the light of the moon
Em C
I wanna get lost with you
Am D
And see what it s like to spend the whole night
