

**Never Too Late**  
**Jason Mraz**

New song by Mr Mraz, love it, and figured it out. Hope someone likes.

(Intro and other bridging sections where he plays Cm include a slide from B to Cm as he  
on the first beat)  
(Also, I know Bb and A# are the same, but the ones labeled Bb he plays at the  
1st, and  
A# at the 6th. I think anyway, works for me.)  
(The Bb is the only chord im not too sure on, might work with an Fm. Play around  
with it)
