(riff 1)

A squirrel in the tree is he watching me
Does he give a damn?
Does he care who I am?
I m just a man, is that all I am
Are my manners misinterpreted words or only human?
I m human
Murderous crow, hey what you know
What you reading about, what you hold in your toes
Is that a twig, are you a dove of peace
A black dove undercover, with another puzzle piece
Are you a riddle to solve all along?
Or am I over thinking thoughts of human after all
Only human
Made of flesh, made of sand, made of you and me

Up in the major s tree, the one he planted back when he was just a boy
Thinking 1923
Thirty meters and a foot, take a look, take a climb
What you ll find is the product of a seed
The seed is sown, all alone
It grows above, with a heart of love
Sharp and shelter of the animals of land and cold weather breathing
We re all breathing in
