Tabled by Jonatt (<http://www.youtube.com/user/jonattmusic>)

Just listen to the song to get the funky-reggae rhythm.

Intro : **D C G G**

Verse : **D C G G**

For the brand new direction on the compass rose  
Try following the path of the yellow brick  
Cross the zebra track down on Abbey Road  
And you be there in just a little bit  
It s where the hi-fi s bumping through the free wi-fi  
Where the up said it s rock we re stayin alive  
Where I ll be passing out the free high-fives  
Like a doctor I m distributing the medical kind

**G**

Come on!  
Decide if you want to get

**Am**

Get yourself inspired

Chorus : **D C G G**

You re invited, whoa  
To San Disco Reggaeifornia, whoa  
You come alive in, whoa  
And leave your troubles at the door

Verse 2 : **D C Bb C**

You know when our time band is messing with the evil  
Inside here see everybody s equal  
Everybody s type with everybody s people  
Even generators run on biodiesel  
Super green is the way we like it  
Yea we like the ladies who ride like nice  
Up on their bicycles with ice popsicles  
For five nickels I can get us on the tunnel of love

**G**

Romancing is a side effect

**Am**

Slow dancing here will make you sweat

**G**

Raise your hand if you wanna get

**Am**

Get yourself delighted

Chorus : **D C G G**

You re invited, whoa  
To San Disco Reggaeifornia, whoa  
You re gonna like it, whoa  
Leave your troubles at the door, whoa  
You come alive in, whoa

**Bb Bb Bb**

In San Disco Reggaeifornia forniania forniania

Verse 3 : **D C G G**

Make it one of those days  
Can you feel the Party?  
With parents gone we ll turn the home  
Upside down like a Gravitron  
What law we gonna break if they catch us getting naughty?  
Turn off the phone with the records on  
Dancing makes the people feel united  
**D-D-D-D**-dancing makes the people feel united

**D C G G**

So take a good look and try for a moment  
If you tried and you like it show the world that you re belonging on it  
Only those with open hearts and minds  
Will get a pass on the fast track cash list line  
But uh, don t be laughing at whoever s behind  
Because everybody s happy on their own damn time  
And everybody s craft be uniquely defined  
Just as everybody s ass be free and divine

**G**

There couldn t possibly be a brighter sign

**Am**

For all to understand and to give a damn

**G**

All you gotta do is keep the microphone stuck in your hand

**Am**

And bring the bucket to the sand

**D C G G**

You re invited, whoa  
To San Disco Reggaeifornia, whoa  
You come alive in, whoa  
And leave your troubles at the door, whoa  
Yea you re invited, whoa  
To San Disco Reggaeifornia, whoa  
You come alive in, whoa  
And leave your troubles at the door, whoa
