Jason Walker

This is the harmony version from the Vampire Diaries Season 1 Soundtrack.

Capo 1

[Verse]

**Em** **G**  
I dont know where Im at  
**D**  
Im standing at the back  
**Em**  
And Im tired of waiting  
**Em** **G**  
Waiting here in line,  
**D**  
Hoping that Ill find  
**Em**  
What Ive been chasing.

[Chorus]

**D** **A**  
I shot for the sky  
**Em**  
Im stuck on the ground  
**G** **D**  
So why do I try, I know Im gonna to fall down  
**D** **A**  
I thought I could fly,  
**Em**  
So why did I drown?  
**G** **D** **A** **Em** **G**  
Never know why its coming down, down, down.

[Verse 2]

Not ready to let go  
Cause then Id never know  
What I could be missing  
But Im missing way too much  
So when do I give up what Ive been wishing for.

[Chorus]

I shot for the sky  
Im stuck on the ground

So why do I try, I know Im gonna to fall down  
I thought I could fly, so why did I drown?  
Never know why its coming down, down, down.

**D A Em G D**

Oh I am going down, down, down

**D A Em D**

Cant find another way around

**D A G D**

And I dont want to hear the sound,

**D A Em D** (or G if you want to play harmony)

Of losing what I never found.

I shot for the sky  
Im stuck on the ground  
So why do I try, I know Im gonna to fall down  
I thought I could fly, so why did I drown?  
I never know why its coming down, down, down.

I shot for the sky  
Im stuck on the ground  
So why do I try, I know Im gonna to fall down  
I thought I could fly, so why did I drown?  
Oh its coming down, down, down.
