VERSE 1:

E
Thereâ€™s a look on her face, sheâ€™s starting to master

C#/Dbm A
As she carefully closes the door

E
Sheâ€™s been coming home late with pre-packaged answers

C#/Dbm A
To questions she tries to a-void

PRE-CHORUS:

Now sheâ€™s talking too fast

C#/Dbm
And I just have to ask

A B
Baby whatâ€™s all the cloak and dagger for?

CHORUS 1:

E **C#/Dbm**
Okay hereâ€™s the truth, I ran out of gas

A **E/C#** **A/F#**
And I didnâ€™t call cuz I thought you ll be mad

B **E** **C#/Dbm**
So I started to walk, took an hour and a half

A **E/C#** **A/F#**
To get off that highway and fill up that can

A **B** **E**
I was hoping that you d under-stand

VERSE 2:

E
Sheâ€™s getting good with the lies, so good that you wonder

C#/Dbm **A**
If the rabbit in the hat tricks for real

E
She turns water into wine and I d almost believe her

C#/Dbm **A**
If her eyes just for once could keep still

PRE-CHORUS:

A/F#
Now my patience wears thin

C#/Dbm
Cause she late once again

A **B**
Honey tell me what delayed you this time?

Okay hereâ€™s the truth, itâ€™s gonna sound kinda strange

The telephone vibrates on the table again

Another damn private call coming through

C#/Dbm A

That phone, throwing it clear cross the room

A manâ€™s voice I donâ€™t know
