Low Life Kingdom

Words and music by Jay Farrar and Benjamin Gibbard from the album "One Fast Move Or Iâ€™m Gone".

Capo 2

Have [G]you sent men here
For this [D]cold clown
And [A]monstrous eater at the [G]world
Send illumination to our [D]drowning brains
Slime [A] hoops and iodine [G]weeds
Iâ€™ve got to believe in [D]you
Or [A]live in death

Iâ€™m [Em]going to die in [G]full despair
[D]Wake up wh [A] ere
The [Em] atmosphere is [G]dearer
Maybe [D]closer to [A]heaven

We try to make our way
No aid comes from whatever and wherever
The low life kingdom where we part out tea
Heaven dear suggested to promise us
Youâ€™ve not seen mermaids in my actual sea
Her name is oh so really high life

Iâ€™m [Em]going to die in [G]full despair
[D]Wake up wh [A] ere
The [Em] atmosphere is [G]dearer
Maybe [D]closer to [A]heaven

My golden empty soul
Will outlast your salty sill
In a billion years of trying
Weâ€™ve had no crack at eternity
Iâ€™ve got to believe in you
Or live in death

Iâ€™m [Em]going to die in [G]full despair
[D]Wake up wh [A] ere
The [Em] atmosphere is [G]dearer
Maybe [D]closer to [A]heaven
