She says she s chill, and she don t play
I m ready for her though, throw her my way
Heart torn, and I doubt you can save it
It s okay, it s been like that since I was a baby
Thoughts deep, scuba, my mind is free
Opposite of Cuba
Take me for my money or my fame
Papa don t try, see right through ya
Four lawsuits, one year, two down, two to go
Fame, expensive year
Good thing I know I was built for the war
I was built to be all yours
