

Where You Are
Jay Sean

Intro: C Em Am F

Do you know the feeling
When sometimes you wake up young, and sometimes you wake up old,
And sometimes you re so in love,
And do you know the feeling,
When that love just comes undone,
And I can t figure it out, Why something s got me unlock,
but you re my baby

There were some times I put up a fight
But when something it s right, you know that is right
And I don t wanna think, it s simple to me,
you re the one. And baby that s why

And I can t help it, I gotta be where you are,
Like the sky holding the stars,
Like the strings on my guitar,
I wanna be where you are,
Like the sand that s on the beach,
Like a model in a magazine,
It don t mean a thing, if we re apart,
I wanna be where you are,
Where you are, where you are,
And baby that s why I wanna be where you are,

And baby every time you re around,
 You re the one that always holds me down,
 And don t even ask for a thing, no,
 You make it real when, even when things ain t perfect,
 You re the one that keeps the fire burning,
 And that s the reason why, I ain t leaving
