If you would just slow down,
G Am
You would see

We were meant for something
Am F
Lay your armor down,
G Am
Stay with me

C
Aren t you tired of running?

G Am F
Can we go back before the storm came raging?
G Am
And everything we built was gone?

C F
So sing to me till I fall asleep
Am G F
Like the way you did when you were still mine
C F
And tell me that it s not over yet
Am G F
We were never good at saying goodbyes
Am G F
Why can t you see what s right in front of your eyes?

Am F
Remember our first kiss,
G Am
That starry night

C
Oh it felt like we were flying
Am F
So how did we forget
G Am

That love was on our side?

F

Oh we never saw this coming
