

Come Back For Me

Jaymes Young

E **C** **G**
There s a dark room inside of my head

E **C** **G**
Developing images I d rather forget

E **C** **G**
You laced your tongue with poison

A **G**
And it makes me remember

E **C** **G**
Every night I look at my window

E **C** **G**
Afraid you might return for more

E
I miss your frozen love too much
Am **G** **C**
And I d overdose from just a touch

E
Baby don t come back
Am **C**

Oh, whatever you do
Em **G** **C**

Don t come back for me
Am **C**
After all I ve bled for you

Em **G** **C**
I can hardly breathe
Am **C** **E**
And one more kiss could take my life

E **C** **G**
There s a fire inside of my bed

E **C** **G**
Made of calls that I deeply regret

E **C** **G** **C**
Oh, you left me burning with the embers

A **G**
And I barely made it out alive

Am **C**
Oh, whatever you do

Em **G** **C**
Don t come back for me

Am **C**
After all I ve bled for you

I can hardly breathe
