[Intro] G Am Em

G Am Em  
Your father came and went like the ocean s tide  
G Am Em  
And the day he left, he never said goodbye  
G Am Em  
Your mother started drinking like the whole world died  
G Am Em  
You ve be waiting for a miracle all your life

G Am  
Cause if the fires don t burn it down  
Em G Am  
The rains will wash it away  
Em G  
If you re looking for solid ground  
Am Em  
A stone will never break

G Am  
So give me all your pain  
Em Am Em  
And love will set you free  
G Am  
Give me all your shame  
Em Am Em  
Put all your weight on me

And I ll be the stone

That you need me to be
