

Two More Minutes

Jaymes Young

Am **F**
I don t want nobody
Am **F**
You lift me up
Am **C** **F**
Two more minutes and I ll be there
Am **C**
Filling my empty head
F
With pictures of you bare
Am **C** **F**
A breath to take home with me
Am **C**
Take your oxygen
F
Slowly while you breathe
Dm **Am** **F**
And all the days in between
Dm **Am** **F**
Still my drug of choice, the figure of my dreams
Dm **Am** **F**
And though we wait for now
Dm **Am** **F**
Even through the noise, I feel you somehow

Am **C** **F**
I don t want nobody else
Am **C** **F**
You lift me off of the ground
Am **C** **F**
I want you all to myself
Am **C** **F7M**
Please don t ever let me down

Am **C** **F**
Two more minutes and I won t care
Am **C**
That I broke my back today
F
Well all my people stare
Am **C** **F**
Cause once I get you in my arms
Am **C**
The ice will start to break
F
The day will fade away

Am **C** **F**
I don t want nobody else
Am **C** **F**
You lift me off of the ground
Am **C** **F**
I want you all to myself
Am **C** **F**
Please don t ever let me down

Dm **Am** **F**
And all the days in between

Dm **Am** **F**
Still my drug of choice, the figure of my dreams

Am **C** **F**
I don t want nobody else
Am **C** **F**
You lift me off of the ground
Am **C** **F**
I want you all to myself
Am **C** **F7M**
Please don t ever let me down
