I bust the windows out your car **Bm**  
After I saw you laying next to her **D**  
I didn t want to but I took my turn **G**  
I m glad I did it cause you had to learn **F**

I must admit it helped a little bit **Bm**  
To think of how you felt when you saw it **D**  
I didn t know that I had that much strength **G**  
But I m glad you see what happens when **F**

You see you can t just play with peoples feelings **Bm**  
Tell them you love them and don t mean it **D**

But I think that I deserve to smile **F**

I bust the windows out your car **Bm**  
You should feel lucky that that s all I did **D**  
After five whole years of this bullshit **G**  
Oh I bust the windows out your car **F**

I must admit it helped a little bit **Bm**  
To think of how you felt when you saw it **D**  
I didn t know that I had that much strength **G**  
But I m glad you see what happens when **F**

You see you can t just play with peoples feelings **Bm**  
Tell them you love them and don t mean it **D**  
You probably say that it was juvenile **G**  
But I think that I deserve to smile **F**
